Intuition is a natural ability that we all have, but it is often buried beneath layers of logic and reason. The tarot cards can help you to bypass your rational mind and connect with your inner wisdom.

When you use the tarot cards for intuition, you are not simply guessing or making things up. You are connecting with a deeper source of knowledge that is within you.

The tarot cards are not a crystal ball that will tell you exactly what will happen in the future. However, they can give you guidance and insights that can help you to make better decisions and create a more fulfilling life.

The tarot cards are a powerful tool, but they are only as powerful as the person who uses them. If you want to master the cards and unlock the magic within you, you need to be willing to put in the time and effort.
