Denise Crosson's memoir, *Mommy Gone to Treatment*, is a powerful and moving story of a mother's journey through addiction and recovery. Written with raw honesty and vulnerability, Crosson shares her experiences of struggling with addiction, the impact it had on her family, and the path she took to find healing and redemption.

Crosson's story begins with her childhood. She grew up in a loving home, but her parents' divorce and her mother's subsequent remarriage to an abusive man left her feeling lost and alone. She turned to drugs and alcohol to numb her pain, and soon found herself spiraling out of control.

Crosson's addiction had a devastating impact on her life. She lost her job, her home, and her children. She was arrested multiple times and spent time in jail. But even at her lowest point, Crosson never gave up hope. She knew that she had to get sober for herself and for her children.

In 2005, Crosson entered a treatment program. It was a long and difficult road, but she was determined to get her life back. She worked hard in therapy, attended support groups, and rebuilt her relationships with her family and friends.

Today, Crosson is a sober and successful woman. She has a loving husband, two beautiful children, and a career that she is passionate about. She is also a certified addiction counselor and uses her experience to help others who are struggling with addiction.

Mommy Gone to Treatment is a powerful and inspiring story of hope and redemption. Crosson's journey is a reminder that no matter how far down you fall, it is never too late to turn your life around.

Praise for Mommy Gone to Treatment

"Mommy Gone to Treatment is a raw and honest account of one woman's journey through addiction and recovery. Crosson's story is both heartbreaking and inspiring, and it is sure to resonate with anyone who has ever been touched by addiction."

-Publishers Weekly

"Denise Crosson's memoir is a powerful reminder that even in the darkest of times, hope can prevail. Her story is a testament to the power of love, forgiveness, and the human spirit."

-Library Journal

"Mommy Gone to Treatment is a must-read for anyone who has ever struggled with addiction or knows someone who has. Crosson's story is a powerful and inspiring example of how hope can overcome even the most difficult challenges."
