By Dr. Richard Becker

In this groundbreaking book, Dr. Richard Becker reveals the truth about cancer and how to stop feeding it. With over 30 years of experience as a medical doctor, Dr. Becker has seen firsthand the devastating effects of cancer and the failure of conventional treatments. He has also seen the remarkable results that can be achieved by following a plant-based diet and lifestyle.

In this book, Dr. Becker shares his personal journey of healing from cancer and provides a step-by-step guide to help others do the same. He explains the science behind why a plant-based diet is so effective at fighting cancer and provides practical tips on how to make the transition to a healthier way of eating. He also covers the importance of other lifestyle factors, such as exercise, sleep, and stress management.

If you or someone you love has been diagnosed with cancer, this book is a must-read. Dr. Becker's insights and advice will empower you to take control of your health and fight back against this deadly disease.
