That's where the Wipo Flames Charcoal Chimney Starter 2024 comes in. This revolutionary starter is designed to make lighting your charcoal grill faster, easier, and more convenient than ever before.

How it Works

The Wipo Flames Charcoal Chimney Starter 2024 uses a unique design that creates a powerful airflow, which quickly ignites the coals. The starter is made from durable stainless steel, and it features a large capacity that can hold up to 3 pounds of charcoal.

To use the starter, simply fill it with charcoal and place it on top of your grill. Then, light the newspaper or fire starter in the bottom of the starter, and wait a few minutes for the coals to ignite.
