In *You Matter*, renowned climate activist Christiana Figueres and her daughter, Tom Rivett-Carnac, offer a transformative perspective on the climate crisis, revealing how the key to solving it lies within each of us.

Figueres and Rivett-Carnac argue that the climate crisis is not just an environmental problem, but a human problem. It is a crisis of our values, our priorities, and our way of life. And it is up to us to solve it.

The authors present a powerful narrative that goes beyond the usual doom and gloom, offering a compelling vision of a future where climate action and human flourishing go hand in hand. They show how we can create a world that is not only sustainable but also more just, equitable, and fulfilling for all.

Through inspiring stories, innovative ideas, and practical guidance, Figueres and Rivett-Carnac show how we can:

- Change our relationship with the natural world
- Reimagine our economies and societies
- Build a movement for change that is inclusive and empowering

You Matter is a must-read for anyone who wants to understand the climate crisis and its solutions, and who believes that we can create a better future for ourselves and generations to come.
